

## BUFFALO FIREMEN MEET THEIR DEATH CRUSHED AND MANGLED IN A COLLISION.

**One Killed and Six Injured—Motor-  
man of An Electric Car Misjudged  
the Speed of the Truck—Spreading  
Rails Cause a Wreck—Other Acci-  
dents.**

Buffalo, N. Y., Aug. 17.—One fireman was killed, another will probably die and six others were more or less bruised in a collision with a trolley car early Sunday morning. The dead:  
**JOHN CLARK.**  
The injured:  
Fred Jacky, concussion of the spine; will probably die.  
Lieut. Hedden, hip bruised.  
Michael Rosenberg, left leg sprained and contused.  
Charles Schnursten, contusion of both thighs.  
John W. Brechtel, knee sprained.  
Nicholas Noeller, hip bruised.  
Anthony Manhard, black eye and other bruises.

Fire was discovered in a small blacksmith shop in the 8th police precinct at daybreak. Truck No. 6 was called out by the alarm. It took a course along Woltz avenue. When the truck approached Sycamore street Lieut. Hedden called to the men to hold on tight as they crossed the street car tracks. The gong was sounding. As the truck was stretched across the street car tracks a trolley car struck it, rolling the truck and horses over. The trolley car was running at full speed. It smashed itself to pieces, but the motorman, who was standing on the front platform, was not hurt. Every fireman was injured. The collision occurred so unexpectedly that no one had a chance to jump. Clarke was pinned under the truck and crushed to death. His lungs were perforated by the rung of a ladder and he was dead when taken from beneath the truck.

**Heat Causes a Bad Wreck.**  
Pueblo, Col., Aug. 17.—Spreading rails, caused by the intense heat, wrecked the second section of the California express on the Denver & Rio Grande railroad eight miles west of Pueblo Saturday afternoon. The dead are:

**CHARLES E. VANPORT**, engineer, 40 years old, married, Pueblo.  
**WILLIAM F. REPPERT**, fireman, 24 years old, of Pueblo.  
The train included a coach and three tourists' sleepers containing sixty people, none of whom was seriously hurt, though the entire train turned on its side. The engineer and fireman were buried under the engine.

**Car Strikes a Wagon.**  
Chicago, Aug. 17.—A picnic party of six persons driving home in a wagon met with an accident last night at Armitage and Kedzie avenues. They collided with an Armitage avenue electric car moving at quite a high rate of speed and were thrown to the pavement, while their wagon was demolished. Only two of the party bore any perceptible injuries and they were able to continue their journey on foot. They were:

Mrs. J. Schaller, nose broken.  
Ferdinand Heinrich, left leg bruised.  
The other four in the party declared they were not hurt.

**Bad Split in New York.**  
New York, Aug. 17.—Undoubtedly there will be two republican state tickets in the field at the coming election. The turning down of Warner Miller, the Herkimer statesman, has precipitated a row upon the republican party that can be washed out only by the elimination of either Platt or Miller. To the national committee the situation is full of danger. With the republican forces divided in a doubtful state, with the opportunity to trade the head of the national ticket for governor and minor offices, the national committee sees a chance of losing the state electoral vote.

**Great Britain.**  
London, Aug. 17.—The Daily News asserts that Joseph Chamberlain, secretary of state for the colonies, has mailed an invitation to Cecil Rhodes asking him to come to England next January for the purpose of testifying before the committee of inquiry into the British South Africa Company. Mr. Chamberlain has also invited President Krueger of the Transvaal republic to submit to the committee any evidence which he may possess relative to the origin and the execution of the raids conducted by Dr. Jameson and his associates.

**Hoke Smith to Quit Soon.**  
Washington, Aug. 17.—The publication of Secretary Hoke Smith's letter urging democrats to vote for Bryan and Sewall will, it is believed, bring the matter of his leaving the cabinet to a head. His resignation was sent to President Cleveland when his paper, the Atlanta Journal, came out in support of the Chicago ticket. Now that he has again announced his determination to support Bryan and Sewall, it is still more emphatic language than he did in his paper Mr. Smith is likely to insist on his resignation being accepted.

**Silver Men Claim Indiana.**  
Indianapolis, Ind., Aug. 17.—The executive committee of the regular dem-

ocratic state committee, which met here Sunday to go over the reports of the democratic opening throughout the state yesterday, is much pleased with the way the campaign started off. There were meetings in eighty-one counties, and the committee's reports indicate that the attendance everywhere was large. Chairman Holt says the democrats will carry the state by 40,000 majority.

**SPAIN WILL SEEK REDRESS.**  
**Bill of Damages to Be Presented for Alleged Losses in the Cuban Affair.**  
Washington, Aug. 17.—The Spanish government is preparing a big bill of damages to be presented to the United States, on account of the numerous expeditions alleged to have gone from our shores to the relief of the Cuban insurgents. In support of its claims to preparation it intends to invoke the precedent established against Great Britain in the celebrated Alabama claims awards made by the Geneva arbitration tribunal. The United States officials have received copies of a report of the Spanish legation made by its legal adviser, Calderon Carlisle. The Wiborg case recently decided by the United States Supreme court is cited and referred to as the one solitary conviction obtained by the United States since the beginning of the present Cuban insurrection. The attorney says it is thought proper to show from the case of the Geneva award against Great Britain in what the United States expected of a neutral nation and also to recall the attitude of Spain toward the United States during the civil war. The officials to whom copies of this pamphlet were presented, did not care to discuss the matter for publication, but all privately expressed the opinion that the only object of its preparation was the basis of a claim to be presented against the United States by Spain on account of filibustering expeditions.

**Loss to the University of Illinois.**  
Champaign, Ill., Aug. 17.—The chemical laboratory building at the University of Illinois was destroyed by fire Sunday morning about 4 o'clock. It is supposed to have been struck by lightning during the storm which raged an hour or two earlier. The building was three stories high above the basement and contained five laboratories. It was one of the largest and best of its kind in the country and was erected at a cost of \$40,000. The fittings, apparatus and supplies are estimated to have brought the entire value to \$75,000. There is some important salvage, but just how much cannot be told now.

**Newbanks Oil Well Burning.**  
Sistersville, W. Va., Aug. 17.—The Ogden oil fields is the scene of the most brilliant spectacle ever witnessed in this country. The famous Newbanks oil well, which is also a strong producer of gas, took fire through accident Saturday morning, burning the derrick and several thousand barrels of oil. When the pressure was reduced at the mouth of the well the gas broke the spouting oil into sprays, throwing it into the air more than 100 feet. The loss to the owners is enormous, as the well was producing 200 barrels a day. There is no way to put out the fire, as the gas and oil pressure are constant and the roaring heat of the flames terrific.

**McKinley and Hanna Confer.**  
Cleveland, Ohio, Aug. 17.—Major McKinley and Chairman Hanna met at the latter's home in this city Sunday and talked over the campaign. When asked if Major McKinley would take the stump Mr. Hanna replied: "Major McKinley has made no change in his plans. He will not take the stump in this campaign." The national chairman said he was not informed as to the progress of the campaign in the east, for the reason that he had been so busy in Chicago he had no time to read his letters.

**Third-Ticket Work in Indiana.**  
Indianapolis, Ind., Aug. 17.—The gold democrats of this state have been called to meet here Tuesday for the purpose of organizing. S. O. Pickens, general counsel of the Pennsylvania railroad, who has had charge of the movement in Indiana, will announce the state committee at that meeting. He was authorized by the state league to select the committee. The conference will decide whether a state ticket shall be put in the field. The leading gold-standard democrats of the state are divided on this question.

**Organized Labor Declares for Silver.**  
Chicago, Aug. 17.—Organized labor of this city, at least that portion of it represented by the Chicago Labor congress, yesterday by a vote of 19 to 7 passed a resolution in favor of the free and unlimited coinage of gold and silver at the ratio of 16 to 1. The resolution also provided for a committee to be appointed to investigate the records of all the leading men in the gold standard movement and indorse the action of the American Federation of Labor in its stand against the gold standard.

**Silver Democrats Gain Victory.**  
Wilmington, Del., Aug. 17.—The silver democrats swept the primaries in Delaware Saturday, electing solid delegations from Kent and Sussex to the state convention and at least ten delegates from New Castle county, the bulwark of gold men. The silver men will have a majority of fifty in the state convention and will nominate a silver man for congress and three electors pledged to Bryan and Sewall.

## STATES ARE SWEEPED BY FIERCE STORM HEAVY LOSSES SUSTAINED BY FARMERS.

**Many Sections of Illinois, Iowa and  
Adjoining States Suffer From Heavy  
Winds—No Lives Lost or Injuries  
Reported—Water Fell In a Flood  
and Fire Followed.**

Peoria, Ill., Aug. 17.—One of the worst electrical storms in the history of Peoria raged from 10 o'clock Saturday night until after 1 o'clock Sunday morning. All this time the rain came down in torrents, flooding everything. A number of buildings were struck by lightning in the city but all escaped with small loss.

Mascatiah, Ill., Aug. 17.—A terrific wind, rain and electrical storm struck this section from the southwest at midnight Saturday and raged with great fury for two hours. The damage was comparatively small.

Carlyle, Ill., Aug. 17.—This vicinity was visited by a severe electrical and wind storm Saturday night, accompanied by a heavy downpour of rain. Kimmunity, Ill., Aug. 17.—A heavy wind storm, accompanied by some rain, visited this section Saturday night. Considerable corn was broken down.

Arcola, Ill., Aug. 17.—Late Saturday night the third of the severe electrical storms which have visited this section within the last two weeks swept the country. For a period of about three hours a flood of water fell. The storm will add to the injury the broom-corn crop has already sustained.

**Much Damage Done in Iowa.**  
Jefferson, Iowa, Aug. 17.—Heavy rains have swollen the rivers higher than for five years. Raccoon river, west of this city, has overflowed its banks and flooded the entire valley. Butterick's creek has been even with the railway bridge, and a gang of men have been hauling driftwood off the tracks.

Knoxville, Iowa, Aug. 17.—Lightning struck the east ward school building Saturday night in a storm, and the building is almost a complete loss. The damage will be about \$9,000; insured for \$8,000.

## BASEBALL REPORT.

**Standing of the Clubs Composing the  
Two Principal Leagues.**

Chicago won the last game from Louisville and will now leave the western country for eastern fields. The Cincinnati team jumped into the lead again by defeating St. Louis. Standing of the clubs:

**Aeronaut Killed at Quincy, Ill.**  
Quincy, Ill., Aug. 17.—Frank Jacobs, an aeronaut, with the Andrews & Showers' circus, was killed here Sunday while making an ascension at Baldwin park. A balloon and parachute race between Jacobs and a local aeronaut named Edward Dudley was announced to take place after the afternoon performance. The balloons were cut loose at 6:10 o'clock. Both sailed off together, until an altitude of 150 feet had been reached, when the 2,000 spectators were horrified to see Jacobs' balloon rip open from top to bottom. Jacobs shot down with lightning like rapidity. He struck feet first, breaking both legs, his neck, and several ribs. Jacobs died a half hour after the fall.

**Reed Station, Ind., a Scene of Riot.**  
Bedford, Ind., Aug. 17.—A report received states that Reed Station, five miles north of here, was the scene of riot and butchery Sunday. Dan Cline shot and killed Chris Lentz. Max Lentz was fatally injured. Herbert McDowell was dangerously cut. The sheriff has gone to make arrests. The trouble seems to have been caused by drinking.

**Salisbury and Arbitration.**  
London, Aug. 17.—The Times, Daily News, and Chronicle, in their editorials all comment upon the importance of Lord Salisbury's statements concerning the adoption of a policy of arbitration.

## STORY DISCREDITED BY MR. CHAMBERLAIN REPORTS DO NOT TEND TO ALARM HIM.

**The British Statesman Refuses to  
Believe President Krueger Has  
Completed a Treaty—Germans Fear  
a Reactionary Policy—Cable News  
of Various Sorts.**

London, Aug. 17.—The Associated Press has made inquiries of the Hon. Joseph Chamberlain, secretary of state for the colonies, relative to the assertion made recently in the Weekly Sun that President Krueger of the Transvaal republic had concluded a treaty with a European power contrary to the convention of 1884, and that Great Britain had asked for explanations. In answer to these inquiries Mr. Chamberlain wires the following: "The colonial office attaches no importance to the report. It is believed that all treaties will be submitted to us according to agreement."

## CRISIS IN GERMAN POLITICS.

**Dismissal of Schellendorf Said to Be  
the First of Many Changes.**  
London, Aug. 17.—A dispatch to the Times from Berlin attributes the dismissal Saturday of Gen. Bronsart von Schellendorf, minister of war, largely to the influence over Emperor William of Gen. von Hahnke, the aid-de-camp general. The Berlin correspondent of the Times adds that it is believed that a crisis in the internal policy of the empire has been reached and that the gradual removal of the more independent advisers of the crown is the beginning of the inauguration of a policy of reaction which augurs ill for the peaceful development of German political life.

**For a Prohibitive Duty.**  
Berlin, Aug. 17.—As a result of the agitation in newspaper circles and among the business men growing out of the alleged amalgamation of the last three of the independent oil firms with the Standard Oil company and the report that the American company now controls the petroleum market, it is now announced that it is possible that the government will take steps to facilitate the importation of Galician oil. It is also rumored that an attempt will be made to impose an almost prohibitive duty on American oil.

**Duke of Tetuan Satisfied.**  
Madrid, Aug. 17.—The Duke of Tetuan, Spanish minister of foreign affairs, has received a Washington dispatch giving satisfactory assurances regarding the alleged filibustering expedition of the Laurada.

## SITUATION IN MICHIGAN.

**General Fusion of All Silver Men Looked  
For.**

Grand Rapids, Mich., Aug. 17.—The democratic plan of campaign in Michigan is to combine. The state convention will be held in Bay City Aug. 25, and at the same time and place the populist and free silver conventions will be held. The three conventions will be held in different halls, but it is proposed to have them all under one big tent when it comes to action.

This will be accomplished not by a joint convention of all the elements, but by appointing conference committees to negotiate a division of the offices, so that all may have a slice. The different elements will each have its own organization, its own state central committee and its own platform, but the ticket put up will be a combination regardless of other principle than a common desire for free silver legislation.

**Gov. Hastings to Speak.**  
Peoria, Ill., Aug. 17.—The local committee has received telegrams announcing that Gov. Hastings of Pennsylvania and Congressman McCreary of Minnesota will be here Sept. 1 to address the league of republican clubs, which will be in convention here at that time, and which will be the formal opening of the Illinois campaign. The local committee meets this morning to complete all the details.

**Baltic Canal Is a Success.**  
Berlin, Aug. 17.—The Zeitung records Emperor William's pleasure at the success of the passage of thirty-nine men-of-war through the Baltic Canal last Thursday. These men-of-war moved at a rate of speed essential for naval maneuvers, and their successful passage through the canal under forced draught is regarded as an indication that the new canal will be perfectly accessible, in case of an emergency, for the largest ironclads.

**Gov. Stone May Control.**  
Washington, Aug. 17.—Now that it has been settled that Senator Gorman will not accept the chairmanship of the democratic national executive committee the preference of the leaders seems to be for Gov. Stone. Mr. Bryan, too, is said to favor the Missouri executive. A man who recently talked with G. Jones says that the governor has seriously considering the acceptance of the place.

## WANT THEIR PAY RESTORED.

**Union Pacific Telegraphers Begin a Sen-  
sational Suit at Omaha.**

Omaha, Neb., Aug. 17.—The telegraph operators on the line of the Union Pacific have filed a sensational suit in the federal court. The case is brought in the name of the Order of Railway Telegraphers. The plaintiffs allege that receivers have reduced wages in violation of Judge Caldwell's order of 1894, wherein the court ruled that no cut in wages could be enforced without an order of the court. They specify where wages have been cut and ask to have them restored. It is further alleged that the officials of the company are hostile to organized labor and particularly to the Order of Railway Telegraphers, and that a systematic effort has been made to weed out leaders of the order by summary dismissal without excuse. The petitioners ask the court to enforce the schedule decreed by the court and to also investigate the claim of the men discharged, that their dismissal was without just cause, and to grant them such relief as equity demands, and further that the discriminations and petty annoyances of the men shall cease.

## Fatal Cyclone in Alabama.

Selma, Ala., Aug. 17.—News has been received here from Augustine, Perry county, fourteen miles from a telegraph station, that a terrible and most destructive cyclone swept over that place on Thursday last, leveling everything in its path. Twelve negroes and three white people were killed by houses falling in on them, and ten other persons were more or less injured. Twenty-four head of horses and mules were crushed to death by falling barns. The cyclone was followed by the heaviest rain that has fallen in that section in fifteen years. The creeks and their branches were converted into raging torrents, sweeping away cotton, corn and other crops, causing heavy losses to planters.

## Government's Maps Issued.

Washington, Aug. 17.—The big general maps of the United States, issued by the general land office for this year, have just been issued. The result of the work of engraving and printing is one of the most complete and finely drawn sets yet issued by the government. The feature is the division of the country into sections, marking the various sessions and purchases from other governments. The tracts covered in the original thirteen colonies and the Godden purchase, the Texas annexation, the cessions of Louisiana, Alaska, Mexico and Florida are clearly set out for the first time. Commissioner Lamoreux is the originator of the idea.

## New York Painters' Strike.

New York, Aug. 17.—A general strike of painters has been ordered to take place, which will include men in other trades, who will quit work in sympathy with them in the shops of the contractors who are paying wages less than the union scale of \$3.50 for eight hours' work a day. It is said that nearly 1,000 workmen will go on strike. The New York painters' union is composed of five organizations, comprising a membership of 1,000. An executive board transacts all business for these unions, and it was this board which recently issued the order for the strike.

## Fatal Row Over Politics.

Wagoner, I. T., Aug. 17.—Two men were shot and killed and another mortally wounded at the annual convention of the national party in the Cherokee nation, ten miles north of Tahlequah, Saturday. The killed are Eli Wofford, chief of police of Tahlequah, and Charley Proctor, a deputy. Sheriff Leonard Williams was fatally wounded, and it is said that Fan Wofford may die as a result of his wounds. The row originated over whisky. The affair has created intense excitement in that section of the nation.

## Dubois Ahead in Idaho.

Boise, Idaho, Aug. 17.—Republican county conventions have now been held in all counties in the state. The contest has been between Senator Dubois, who led the Idaho delegation from the St. Louis convention, and who now favors the indorsement of Bryan and Sewall by the republicans of the state, and Senator Shou who is supporting McKinley. At 80 per cent of the republicans in Idaho will be represented in the convention controlled and organized by Senator Dubois.

## Big Mortgage to Aug. 17.—The

San Francisco, Cal. Company of Farmers' Loan and Trust in the United States Circuit Court in 1889 by mortgage executed by the Oregon Lumber Company. The litigation in 1880 and given for \$15,000. Loan and Trust Company as a like amount indorsed by the company.

## Fires Kill Herds of Stock.

Wardsworth, Ind., Aug. 17.—Out on Black Creek and in the surrounding country hogs and cattle are being killed by the hundred from the poison bites of swarms of flies, that are somewhat larger than the common house fly and much more pestiferous. Hogs and cattle have been bitten by the flies, until a fever sets in, and death follows. The farmers are greatly discouraged.

## FOUR CONVENTIONS FOR MILWAUKEE

**QUARTETTE OF GATHERINGS  
TO BE HELD THERE.**

**Gold Democrats, Silver Democrats,  
Populists and the League of Repub-  
lican Clubs To Meet in That  
City—Fatal Freight Wreck—Big  
Fire Rages at Rockford, Ill.**

Milwaukee, Wis., Aug. 17.—Four political gatherings, scheduled for the near future, are occupying the attention of the politicians of Wisconsin. They are: Gold democratic state convention, Aug. 25; annual convention of National League of Republican clubs, Aug. 25, 26 and 27; silver democratic state convention, Sept. 2; populist state convention, Sept. 2.  
All of these conventions will be held in this city.

## Northwestern Freight Train Wrecked.

Milwaukee, Wis., Aug. 17.—A Chicago & Northwestern freight train was wrecked on the lake front here Sunday and Joseph Turney was crushed to death under a car load of logs. Thomas Holland of Willow Springs, Ill., was injured. The body of the dead man, whose home was in Philadelphia, was not found until several hours after the accident occurred.

## Fire Loss at Rockford Is \$100,000.

Rockford, Ill., Aug. 17.—Fire early Sunday morning resulted in the complete destruction of the block of five stores owned by Gilbert Woodruff, and much damage to the adjoining property. The Woodruff block was occupied by L. Goldman with a big department store, and his whole stock of goods went up in smoke. The total loss on the property and stocks will exceed \$100,000. In the second story of the block many families lived, and all their household effects were burned, many of the occupants barely having time to escape with their lives in their night garments.

## LAY AWAY HEAT VICTIMS.

**Enormous Number of Funerals in New  
York.**

New York, Aug. 17.—In this city Sunday were held 460 funerals and in Brooklyn over 200 people were buried. Undertakers said on Saturday the funerals of Sunday would be more numerous than those of any of the last week and that meant more than on any day in the history of the city. They were right. It surpassed Friday as a day of funerals. Friday, Saturday and Sunday saw more burials than any seven days of which cemetery book-keepers can find record. Those are startling facts, but there are others more noticeable. The number of children among the dead has never been so small as last week; neither has the hottest week of any year seen so few burials of aged persons. The average age of the persons interred in three principal cemeteries was 47 years. Nearly twice as many men as women were buried. Of the 1,810 persons who died in this city last week nearly 500 died Thursday night, Friday and Saturday.

## TO FIX MICHIGAN VALUES.

**State Board of Equalization to Review  
County Assessments.**

Lansing, Mich., Aug. 17.—The auditor general, state treasurer, land commissioner, and secretary of state, constituting the board of equalization, will be the busiest officials in Michigan this week, when they will sit as the state board of equalization. Their duty will be to review the assessed and equalized valuation of the eighty-four counties of the state, as fixed by the respective county boards of supervisors in June, and to equalize the valuation of each county as a basis of state taxation for the ensuing five years. Each county will make a fight to keep its valuation down, and all will be counted at this week's meeting met in Lansing. The last board, at \$1,130,000, equalized the supervisors equal-000. This year the state board fixed it at \$814,536. The latter figure, will doubtless raise the latter figure, but reduce the equalization fixed five years ago.

## Visit Baltimore and St. Louis.

Wilmington, N. Y., Aug. 17.—To the literary already published, Mr. Bryan has added Baltimore and St. Louis. The fact that Baltimore has been added at the special request of Senator Gorman is taken as an evidence that pleasant relations exist between Mr. Bryan and the Maryland senator, and that Mr. Bryan will assist Senator Gorman in his Maryland campaign in return for assistance from the senator.

## To Formally Open the Campaign.

Chicago, Aug. 17.—Illinois republicans will formally open the state campaign at Jacksonville to-morrow. John R. Tanner is expected to make his initial speech of the campaign at Carthage to-day; but the real opening of the campaign will take place at Jacksonville.

## Headquarters at New York.

New York, Aug. 17.—It is semi-officially announced that the national democratic committee had decided to have a branch headquarters at the Hoffman house in this city. The headquarters will be the distributing point for campaign literature in the east.

## THE RESIGNATION WAS NOT ACCEPTED

EVANSVILLE COUNCIL CONSIDERS THE MATTER.

W. R. Phillips' Declination To Serve as Police Justice Was Not Favorably Considered—Other Proceedings of the City Fathers—Teachers Hired—Caucus Is Called.

The Evansville common council did not accept the resignation of Police Justice W. R. Phillips, the matter having come up at the adjourned meeting. In the absence of the mayor, J. S. Baker, president of the council, took the chair. In the absence of W. R. Phillips, Marilla Andrews being duly sworn in, served as clerk. All of the aldermen were present, and immediately proceeded to discuss at length the petition signed by W. H. Doolittle and others, and by a unanimous vote of the council the matter was placed in the hands of the street committee, acting as the board of public works. The resignation of W. R. Phillips was then read, and upon motion of Mr. Scasbail, it was not accepted.

The situation in regard to drainage and grading Liberty street was then discussed and upon motion of Mr. Hubbard after an amendment by Mr. Tuttle it was decided that a 12 inch glazed sewer be laid from Second Street to the Creek down either Main, Church or Liberty street or from First down Liberty, for drainage purposes. Mr. Tuttle then made a motion that the Liberty street grade be left to a special committee composed of Messrs. Baker, Campbell and Hubbard. This motion was carried.

**Teachers Are Hired.**  
The following list of instructors has been engaged by our school board for the ensuing year: Henry F. King, M. A. principal; Anna Burnham, first assistant; W. H. Pyre, second assistant; Minnie Jacobs, grammar assistant; Maggie Gillies, third intermediate; Mabel Snashall, second intermediate; Mary Backenst; first intermediate; Myra Smith, third primary; Blanche Crow, second primary; Mae Johnson, first primary.

**Republican Caucus.**  
A Republican caucus will be held in the City hall, Tuesday evening, August 18, at 8 o'clock p. m., for the purpose of electing six delegates to the Second Assembly district convention to be held at Milton Junction, August 20, at 11 o'clock, a. m., to place in nomination a candidate for a member of assembly for said district and also to elect six delegates to the Twenty-second Senatorial convention when called to nominate a state senator.

**To Picnic at Beloit.**  
Beloit, Aug. 17.—[Special]—The Home Forum association have completed arrangements for its first annual picnic, to be held in this city, on the city park, August 26. The affair will be conducted on the plan of the Woodmen's picnics, and it is expected the crowd in attendance will equal that of any Woodman blow-out. The speakers will be Mayor C. A. Smith, Dr. Caswell, of Rockford, grand advisor; and Dr. McKinney, of Chicago, grand president of the order.

**Republicans to Organize.**  
Beloit, Aug. 17.—[Special]—The republicans of Beloit will meet tonight to complete the organization of a McKinley and Hobart club by the election of officers. Very commodious club rooms have been secured opposite the postoffice. The campaign will be formally opened in Beloit next Wednesday evening Aug. 19, when Honorable A. C. Rankin of Pennsylvania will speak. The club to be organized tonight will make its first public appearance on that occasion.

**MUSICAL FESTIVAL IS GIVEN.**  
Concordia Society Celebrated at Crystal Springs Park.

The Concordia Singing Society held a musical festival at Crystal Springs Park, yesterday, and between two and three hundred people attended. Both the steamer and the land party were well patronized, while many took the trip for the ride. At the park Smith's orchestra furnished excellent music and games in. For the occasion were invited.

## "UNLIMITED" MEANS "UNLIMITED"

Janesville Man Asks a Question of The Chicago Tribune.

Today's Chicago Tribune had the following:

Janesville, Wis.—Aug. 13.—[Editor of The Tribune.]—How unlimited does the phrase "free and unlimited coinage" mean? Does it mean that our government will coin silver to the extent of the present capacity of our mints, or will put our government under any obligation to increase its present capacity of coinage?

As I understand it, our mints are now coining nearly to the limit of their capacity. If this is so, and the government reserves its right to make those offering silver wait their turn at the present capacity of the mints, how would free coinage of silver very materially increase the present production of silver coin? Whatever the present capacity of the mints be, the demand for coinage would be greater than the present capacity of the government.

Any light on this question you may be able to give will be appreciated.

**INQUIRY.**  
The free silverites are aware that the capacity of the mints is limited, nor do they propose to hasten to add to it. If they are able to pass a free coinage law it will provide that when silver bullion is offered in excess of the capacity of the mints the holder shall be given silver certificates. In that way a mass of cheap silver money can be put into circulation speedily, instead of adding to the capacity of the mints more vault room will be provided for silver bullion.

## CONCERNING THE KNEIPP CURE

Something of the Remedy That William Sadler Is Using

The case of William Sadler, whose blindness is being cured by the use of the "Kneipp cure," has attracted wide spread attention. The remedy is the idea of Abbe Sebastian Kneipp, of Weirshofen, Bavaria. "Leagues" have been formed in this country, and the list is a large and growing one, with branches and intended branches in all of the large cities in the union. Walking in dewy grass, slipping on slimy toads and lizards, and taking what many persons would regard as long chances in the direction of pneumonia, is the main treatment according to the Kneipp theory. Alone it does not cure all things; it starts the cure and the rest of the treatment is a mixture of water cure, faith cure and common sense. A follower of Kneipp keeps himself in health by walking barefooted across the grass when the dew is on it; and as most of the members of Kneipp-Verein No. 1, von New York, are dwellers in flats or apartment houses in the center of the city, with no dewy grass at hand excepting in the parks, they have been able to see but one solution of the problem, and that is set forth in the letter to the park board, asking that the use of one of the parks be given them.

## SOME THINGS SAID BY LOCAL PASTORS

GEORGIA'S EX-GOVERNOR AT THE BAPTIST CHURCH.

Said He Would Take a Good Report Back To Atlanta With Him—Local Union Plans to Boom the State Convention—Other Religious News.

Dr. Hodge, of the Baptist church, took for his morning text, 1 Chr. 12:24, "Ready armed to the war." He said that a strong part of the christian's armor today is the sense of being in the right. A knowledge of the bible, an intelligent grasp of the issues of the times, and true zeal, are other parts of the armor. He said the one who contents himself with being a Sunday working christian, is content to be but a small fraction of a full-armed christian.

In the evening the Baptist congregation united with that of the First M. E. Dr. Hodge preaching at the latter church. Rom. 8:37, "Nay, in all these things we are more than conquerors through Him that loved us," was the text of his sermon.

Reports of the International B. Y. P. U. A. convention at Milwaukee—the largest gathering of Baptists ever held—were given at the evening meeting of the Endeavor society. A chorus of young ladies sang "Saved to Serve Are We," written especially for the convention, by Dr. Hobbs, and everybody sang "Sunshine in My Soul." Ex-Gov. Northern of Georgia, was present and spoke highly of the Christian enthusiasm of the members and said he should carry back a good report to his people in Atlanta.

## TO BOOM THE STATE CONVENTION

Local Union Plans to Push the Good Work Along

The congregation appointed by the local union, met yesterday at the Presbyterian church, and discussed plans for booming the state convention to be held in Madison, September 24-27. It is hoped that we can secure a large and enthusiastic delegation from Janesville, have Janesville headquarters, a Janesville song, Janesville colors and in fact, everything that will make ourselves heard at the convention.

There is to be a Madison rally, a union meeting of Christian Endeavor societies early in September, at which a prominent Madison Endeavorer will be present to tell us all about the plans for the convention. It is hoped that a great many Christian Endeavorers or not, will avail themselves of this opportunity to attend a grand convention and also visit our beautiful capital city.

The month of September is certainly one of the most pleasant seasons of the year for an outing, and the railroad and hotel rates will be low, while one delegate from each society will be entertained free.

## At the Court Street M. E. Church.

Rev. Dr. Sabin Halsey preached to two large audiences yesterday, at the Court Street M. E. church. His morning theme was "The Advantages and Disadvantages of Old Age," and a large number of old people were present to hear him. In the evening his subject was "The Purpose in Life." Both sermons were very interesting and were listened to with close attention.

## Preached in the Park.

Rev. Victor E. Southworth, of All Souls—the people's church—spoke in the open air at Milton yesterday, the sermon being preached in the public park. An audience of two hundred and fifty people were present and all seemed to enjoy the Janesville man's address very much.

## Running On Time.

As illustrating the degree of efficiency to which the present management of the B. & O. R. R. has brought its motive power equipment and esprit de corps of the operation staff, we call attention to the fact that during the months of April, May and June the passenger trains and fast freight trains have almost invariably arrived at their respective destinations on schedule time. The very few exceptions to the general rule were due to causes inseparable from railway operation and against which no forethought can wholly guard. It may safely be said that during the period named no road in America, comparable in magnitude to the B. & O. can surpass its record for punctuality in train movement.

## HERE IS SOME TALK FOR THE WHEELMEN

### CRISP GOSSIP ABOUT THE LOCAL RIDERS.

Show At the Y. M. C. A. Building—Trick Riding On the Street—Fast Trip to Delavan Lake—W. M. Pfennig to Race—Other Notes of Local Import.

This week Janesville is to have another bicycle show at the Y. M. C. A. building. The exhibit will be made by the Schaar & Co. Bicycle house of Chicago, to advertise the Soudan wheel. The wheel will be shown in all its sizes from the single wheel to the "quad," and the exhibit will receive the personal attention of Mr. Schaar and his son. Admission will be free.

One of the best trick riders that Janesville has seen in many a day is now visiting in the city, in the person of William Schaar of Chicago. The young man, although but nineteen years old, performs many difficult tricks. He rides a nineteen pound Soudan wheel and gave an exhibition Saturday evening at the corner of Main and Milwaukee street.

WILLIAM SCHAAR, of Chicago, who is now visiting in the city, made a record breaking trip to Delavan yesterday that is liable to stand for some time to come. He made the twenty miles in one hour and twenty minutes, which included a stop at Emerald Grove.

ALDERMAN GEORGE M. MCKEY and School Commissioner John Cunningham took their first long cycle trip of the season yesterday—to Delavan Lake. They covered the distance of twenty-three miles in three hours and concluded to remain over night.

W. M. PFENNIG will soon make his appearance with a new wheel and this time he will ride a "Barnes white flyer." The wheel is a racer of seventeen pounds weight. Pfennig will soon start out and follow the state circuit.

At Delavan Lake, Highland Park is a most favorite resort for Janesville people and especially cyclists. Sunday the hotel register contained the names of fourteen residents of the Bower City.

WILL NEWBERRY and Charles Reynolds collided with their bikes Saturday evening at the corner of Main and Milwaukee streets, throwing Mr. Newberry to the ground with considerable force.

Two Beloit cyclists broke down while in the city yesterday. They then telephoned to the Goodwin House for a hivery rig and the trip proved rather an expensive one for them.

The young man that starts a refreshment stand between this city and Delavan for the benefit of cyclists, will make his fortune.

At one time yesterday over forty cyclists made the trip to the up river resorts, and wheels were to be seen on all sides.

THE Chicago, Milwaukee & St. Paul road offer a fare and a third to Monroe this week on account of the bicycle races.

CHARLES REYNOLDS and W. M. Pfennig will take part in the Monroe bicycle races this week.

J. G. DeLong and W. W. Watt rode a Soudan tandem to Delavan Lake yesterday.

J. G. REXFORD took an early morning spin yesterday to Emerald Grove. RALPH SARAAY rode his bike over to Delavan yesterday.

Many a day's work is lost by sick headache, caused by indigestion and stomach troubles. DeWitt's Little Early Risers are the most effectual pill for overcoming such difficulties. C. D. Stevens.

Theories of cure may be discussed at length by physicians, but the sufferers want quick relief; and One Minute Cough Cure will give it to them. A safe cure for children. It is "the only harmless remedy that produces immediate results." C. D. Stevens.

Fast Train For Devil's Lake. Leaves Janesville 4:05 p. m. every Saturday and arrives at Devil's Lake at 6:20 p. m. Returning leaves Devil's Lake every Monday at 6:16 a. m. and arrives at Janesville at 8:35 a. m. For reduced rate excursion tickets apply to agents Chicago & Northwestern Ry.

The whole system is drained and undermined by indolent ulcers and open sores. DeWitt's Witch Hazel Salve speedily heals them. It is the best pile cure known. C. D. Stevens.

Home Seekers' Excursions. The Chicago, Milwaukee & St. Paul Railway will sell home seekers' round trip excursion tickets to points on its own lines in Iowa, the Dakotas, northern Minnesota and northern Wisconsin. Also, to points on the other railways south, southwest, west and north, crossing several states and territories, at half fare plus \$2. Limited to twenty-one days. Date of sale, August 4, 18; September 1, 15 and 29; October 6 and 20.

For Over Fifty Years Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

## LETTER WRITTEN ON THE ALPS

Leo Mayer Gets a Note From His Brother In Switzerland

Leo Mayer of this city, has received a letter from his brother, Moritz Mayer, written from the highest point in the Alps. Mr. and Mrs. Mayer are well known in this city, he having visited here some time ago. They are traveling in Switzerland on their wedding tour. They will make their home in Germany.

## ARE COMING HOME OVERLAND

David K. Jeffris and Children to Drive to Janesville From Jeffris, Wis.

David K. Jeffris, formerly of this city, but now of Jeffris, Wis., together with his children start this week on a three hundred mile overland trip to this city, while Mrs. Jeffris will make the trip via the railroad route. An overland trip through the pineries of Wisconsin at this time of the year is one any one might enjoy.

## Good News From South Dakota.

The glorious results of this season's harvest of golden grain will pour a stream of sound money into the pockets of every Dakota farmer.

South Dakota has thousands of acres of choice farming and ranch land lying east of the Missouri river, and within one day's ride from Chicago or Milwaukee, which can now be bought reasonably cheap, but which before the end of another year may be advanced in price.

The stock raising industry in South Dakota is profitable and eastern capital is now being invested in cattle and sheep growing in that state.

Diversified farming, the growing of live stock, and the products of the dairy, are placing South Dakota foremost in the ranks of the successful western states.

Those desiring full information on the subject and particularly those who wish to seek a new home or purchase land are requested to correspond with W. E. Powell, General Immigration Agent, 410 Old Colony Building, Chicago, Ill., or to the local agent of the Chicago, Milwaukee & St. Paul railway.

## Early Settlers' Picnic

The Early Settlers' club of Janesville and vicinity, will hold their annual picnic on Tuesday, the 18th of August, at the Crystal Springs and Mayflower parks. The grounds will be open from 10 o'clock during the day free of charge, and all early settlers and their friends are cordially invited to attend. Social intercourse, interspersed with impromptu speeches and talks from old pioneers will be the order of the day. Boats will run from their docks alternating every half hour during the day and evening from 10 o'clock a. m. Fare for the round trip 25 cents, children under fifteen years of age 10 cents. A good band of music will be in attendance. Parties desirous of becoming members of the club can do so at any time by applying to the undersigned.

F. S. LAWRENCE, Secretary.

## Biennial Encampment K. of P.

The Biennial Encampment, Uniformed Rank, K. of P., will be held at Cleveland, August 23 to 30.

For this occasion the B. & O. E. R. will sell round trip tickets from all points on its lines, west of the Ohio river, at one single fare, for all trains of August 22 to 24 inclusive, valid for return passage until August 31 inclusive. The round-trip rate from Chicago will be \$8.50, and correspondingly low rates from other stations.

Tickets will also be placed on sale at ticket offices of all connecting lines throughout the west and northwest. The B. & O. operates the only sleeping car line between Chicago and Cleveland. No matter where you start from, ask for tickets via "Picturesque B. & O."

## G. A. R. Encampment to St. Paul and Minneapolis—Daylight Trip.

The Chicago, Milwaukee & St. Paul Railway will run through coaches to St. Paul and Minneapolis on August 31, from Janesville and the Mineral Point division, leaving Janesville at 9:40 a. m. and arriving at St. Paul at 9:30 p. m. This train will have G. A. R. posts from several places, and will run through the scenic route. This will give the public a chance to see the country en route. Fare for the round trip only six dollars and fifty cents. Tickets may be extended for return until September 30, by depositing ticket with joint agent at St. Paul. Get your tickets early.

## Half Rates to Milwaukee.

On account of the National Convention Republican League, August 26 and 27, the Northwestern line will sell excursion tickets to Milwaukee and return at one fare for the round trip. For dates of sale and full information apply to agents Chicago & Northwestern Railway.

It doesn't matter much whether sick headache, biliousness, indigestion and constipation are caused by neglect or unavoidable circumstances; DeWitt's Little Early Risers will speedily cure them all. C. D. Stevens.

At a bargain, three 8 foot, nickel-plated show cases in fine condition. Make an offer. Lowell Hardware Co.

"Boys will be boys," but you can't afford to lose any of them. Be ready for the green apple season by having DeWitt's Colic and Cholera Cure in the house. C. D. Stevens.

## THE DEBTOR CLASS.

When W. C. Silverthorn addresses a Janesville audience Wednesday he will have a good deal to say about the necessity of practicing the debtor class against the creditor class. He may not be as careful to explain, however, that a man may belong to the creditor class without being a badholder, a lender of money on mortgages, or any other kind of a capitalist. Practically speaking, ever workingman is a creditor of the man who employs him. That is to say, he furnishes a given amount of labor from day to day on the promise that it shall be paid for at a certain rate per week. He does not receive his wages in advance, but at fixed intervals after the service has been performed; and the matter of the sort of pay in which he gets his pay is of much importance to him, to the extent that his income is derived from his brain, hands and skill may be his representative hand and skill may be his capital, and his interest in that capital, and the interest measured by its purchasing power in the market where he is selling his services of life. The price that his capital yields, in other words, is dependent upon the value of the money that he receives, the same as in the case of the banker or the coupon clipper.

It is manifest, therefore, that the men who work for wages are to be regarded as constituting a creditor class in the sense that their employers are their debtors from week to week or month to month, and that their profits are directly affected by the character of the money in which such indebtedness is paid. They are told, to be sure, by Mr. Silverthorn and men of his financial faith, that if the mints were thrown open to the free coinage of silver, they would get higher wages; but experience has conclusively demonstrated that the rise in wages on account of the cheapening of the currency, never equals the increase in the prices of the commodities that the wage-earner has to buy. The cost of living is made larger to him, but he does not secure a corresponding gain in the means of meeting it. His labor, which is to say his capital, does not bring him the same return that it did under a sound money policy, because the currency in which he receives his wages, which is to say his interest, has a reduced purchasing power. This creditor class is the one that would suffer most from the adoption of the silver standard. It represents all citizens who make employes their debtors for their labor, and whose profits are proportioned to the purchasing power of the money in which their wages are paid. This is the class that the republican party proposes to save from a great misfortune by maintaining the gold standard; and surely no workingman can afford to cast his vote in favor of the lessening of his own profits by the substitution of 50 cent dollars for dollar that are worth 100 cents everywhere and for all purposes.

# P. SMITH IS LAID TO THE FINAL REST

FUNERAL SERVICES WERE HELD YESTERDAY.

The Masons Took Charge of the Services, and the Interment Was Made at Oak Hill—William E. Richardson Found Dead at Manistee, Michigan—Other Deaths.

The remains of D. P. Smith arrived in the city on the noon train yesterday from Chicago and were conveyed direct from the depot to Oak Hill cemetery. At the depot the remains were met by a large circle of friends and the Masonic lodge of which Mr. Smith was a member, took charge of the funeral and conducted the last sad rites at the grave. The pall bearers were Charles B. Evans, H. L. McNamara, Stephen Hotelling, Henry Rogers, J. L. Croft and E. J. Kent.

The floral offerings were handsome, and one piece, in particular, attracted much attention. It was from the employees of Spague, Warner & Company, with which firm Charles G. Smith is employed.

Mr. Smith was greatly surprised to read an article in the Chicago papers that she contemplated suing the park board because of her husband's death. She has no such intention, and was much surprised to see the article printed. Mr. Smith carried considerable life insurance.

William E. Richardson.

William E. Richardson of this city, was found dead at Manistee, Mich., this morning, and his mother, Mrs. Mary E. Richardson, 259 South Academy street, was notified of his death by a telegram. The remains were ordered shipped to this city. No further particulars were received.

Further light was thrown on the matter by the following special dispatch to The Gazette received at 3:30 o'clock this afternoon:

Manistee, Mich., Aug. 17.—[Special]—A well dressed man named Wallace Richardson, of Janesville, Wis., was found dead on the river bank this morning with a bottle of carbolic acid at his side. He was well dressed and no cause of death can be learned.

Faas.

Early yesterday morning the angel of death entered the home of Mr. and Mrs. George Faas, in the Second ward, and made it desolate. Their nine months old son was the victim of the destroyer's visit, and the sufferings of the babe were at an end. Tenderly the little one had been nursed through an extended illness, and at one time the parents were cheered by the hope that the babe was better, but it was not to be, and he who gave life, took it away. The funeral was held this afternoon and the remains were interred at Oak Hill, Rev. George Kaempfe of St. John's church officiating.

Miss Miranda Lloyd.

After a lingering illness of several days, Miss Miranda Lloyd died this morning, at the Riverview Park home of her sister, Mrs. S. S. Higby. Miss Lloyd had made her home in Rock county for several years. The cause of her death was a complication of diseases. The funeral will be held from the residence tomorrow afternoon at 1:30 o'clock, and the interment will be in the Emerald Grove cemetery.

Miss Gertrude Griffin.

Miss Gertrude Griffin, the seven year old daughter of Mr. and Mrs. David Griffin, died this morning at 3 o'clock at their Gold street home and was buried in Mount Olivet cemetery at 8 o'clock this morning. Miss Griffin has been ill but a few days, the cause of her death being fever. The funeral was private.

Funeral of Mary Ellen Welsh.

The funeral of little Mary Ellen Welsh was held from St. Patrick's church yesterday afternoon. Dean McGinnity officiating, after which the remains were interred at Mount Olivet cemetery.

## WOOL GROWER MAD AT THE DEMOCRATS

LIFE-LONG MEMBER OF THAT PARTY QUITS.

W. Vruenger, Who Never Voted Anything But the "Straight Ticket" Will Not Stay In Bryan's Wagon—Ex-Governor, of Georgia, Wouldn't Talk—Political Notes.

J. W. Vruenger, who has always been one of the staunchest democrats in the state, was in the city this afternoon on business, but he found plenty of time to talk politics to a Gazette man at the Grand Hotel. Mr. Vruenger is a prominent wool grower and resides at Brodhead. Although he never voted anything but the democratic ticket before, that is no indication of what he will do this year. He is not in favor of the present platform of his party as adopted at Chicago, and expressed the belief that democrats all over the country could be found carrying the same opinion. Mr. Vruenger said that he would not agree to work for McKinley, but that Bryan could expect nothing from him.

Ex-Gov. Northern Is Silent

Ex-Governor W. J. Northern of Georgia came all the way from Atlanta to Janesville to look after a real estate deal, and tell a Gazette reporter that while he was "one of the original Bryan men" he had "nothing to say."

"I am keeping my ears open to hear all I can, but I will not talk politics," he said. Mr. Northern was at the Grand Hotel when a Gazette man called on him. He has been twice elected governor of the state by the democrats. He said the thing that amused him the most of anything was the way the north and west carry on their political fights.

"I am personally acquainted with the present democratic nominee for president, and am proud of the fact that Georgia nominated such a man as William Jennings Bryan, for it was Georgia that put Bryan where he is," remarked Mr. Northern. "There is little doubt but what the state of Georgia will go as she always does—democratic," he said. Ex-Governor Northern is a very genial gentleman to meet. While in the city yesterday, he addressed the Y. M. C. A. meeting, and spoke at the meeting of the Baptist Young People's Society.

Were All For Honest Money.

H. A. Born, of this city, while coming up from Chicago on the noon passenger, Saturday, took a "straw vote" of the passengers in one coach, and out of forty passengers, thirty-six voted for the existing gold standard, while the remaining four were for silver. After the vote was taken, the four silver men were "sorry that they spoke," and one of the number, who was making his first western trip, remarked that he was surprised to find so many gold men, especially in a locality where he expected to find nothing but silver sentiment.

SPEAKERS AT THE REUNION.

Plans For The Gathering of Veterans Are Now Complete.

The speakers from abroad at the reunion and picnic of the ex-soldiers and sailors union on August 19, will be ex-governor W. D. Hoard of Fort Atkinson, D. Lloyd Jones of Stevens Point and Colonel Lyon of Racine.

Among the local speakers will be Mayor F. S. Baines, who will deliver the address of welcome, and the response will be delivered by Captain Pliny Norcross. Surgeon General J. B. Whiting of the National encampment, will also speak. Colonel E. O. Kimberley, assisted by local singers, will furnish vocal music. The martial music will be furnished by the local drum corps. W. M. Parcell of Beloit, the department drummer of Wisconsin, will give some exhibitions of skill in drum solos.

REPUBLICAN CLUBS TO MEET

Effort To Be Made To Make M. G. Jeffris President.

The Janesville Republican League club will send six delegates to the regular biennial Wisconsin Republican League club convention in Milwaukee, Aug. 24. An effort will be made this year to make Malcolm G. Jeffris of this city president of the league for the ensuing two years, he having a strong following in the state and falling behind Samuel A. Harper only a few votes in 1894.

HAMILTON'S MONUMENT IS GONE.

Vacant Factory Near the State School Blown Down.

John W. Hamilton's monument was blown down yesterday. It was the vacant factory located out in the country, south of the School for the Blind, and in it, when it was built, they planned to manufacture all kinds of things, besides printing books, etc. The building was never used.

## OFFICER IN SEARCH OF FLEEING PAIR

DETECTIVE COMES HERE FROM SOUTH HAVEN, MICHIGAN.

Is Looking For An Ex-Sea Captain Whom He Says, Escaped With Another Man's Wife—Couple Were Here But Went to Oshkosh—Both Parties Are Wealthy.

If the story that a detective told in Janesville today is true, there is trouble brewing in South Haven, Michigan, for a resident of that city, who wrote his name as "E. M. Bradley" on the Grand Hotel register in this town. The detective says that the man, who is alleged to be an ex-sea captain, eloped with the wife of a prominent and wealthy merchant in South Haven, and came with her to Janesville. Photographs that the sleuth carried were shown the Grand hotel employees and they recognized the couple as having stopped at that hotel Saturday. They went north from here supposedly and the detective who has followed them all the way from the peach growing state, is confident that he will find them yet. The captain is said to be a wealthy man, and has not sailed the seas of late, because he had shot enough in the locker, so that he didn't have to be a gentleman of leisure.

The erring woman, the story goes, is the wife of a prominent business man, who also has money to build the kitchen fire with. A husband and two children are now wondering where she is, but as yet they have not found out. The detective who was here today, was hired by the husband, and at Chicago he had a Pinkerton man to help him. They learned that the couple came here, and it is thought that from Janesville they went to Oshkosh. Things will be hot in South Haven, the detective says, when the couple are brought back. There are other people waiting to see the captain beside the husband of his present companion, the officer said, as the captain is said to have had previous experiences of like nature.

## SUMMER NOVELTIES.

Sailor Hat Freak—The Provoking  
Though Popular Grass Linen.

There is a new and hideous development of the sailor hat much esteemed in England, although happily as yet it is little known here. The brim is just as usual, and so is the straight crown for perhaps two inches. Then it suddenly bulges out into a sort of flattened bulb, which extends laterally almost as far as does the brim and is about an inch or an inch and a half in depth. Practically it is a plain, un-

MOHAIR COSTUME.

gathered Tam O'Shanter crown superadded to the ordinary sailor crown. The trimming of this hybrid hat is of the simplest, consisting of a plain band and one quill.

There is really no accounting for the phenomenal popularity of ecrú grass lawn. It is made into everything, including shoes, handkerchiefs and parasols. It is seen in plain, embroidered, plaided and openwork patterns. It composes costumes of great costliness. Yet through all it retains the characteristic of wilting at the slightest provocation and settling down into a stringiness of appearance that in any fabric is the most hopeless phase of dowdiness. Is there any reader who objects to the expression "dowdiness"? If any, speak and suggest some better word that will express the same meaning. Shabbiness will not do, for a woman may wear a shabby gown and yet not appear "awkward" or "ill dressed," which are Webster's equivalents for the adjective "dowdy." Dowdiness seems to imply a lack of trimness, neatness and good carriage more than poverty of material, and nothing is more opposed to trimness and neatness than an aspect of wilted stringiness, whether the goods be calico or silk.

The sketch shows a costume of maize mohair. The skirt, which is arranged in godets at the back, is trimmed about the foot with two bands of white guipure insertion. Two points of guipure descend from the belt and frame the upper part of the bodice. The bodice of mohair is trimmed with lengthwise bands of insertion and has a very wide, folded corselet belt of black satin closed by large boxes. The sleeves are also adorned with lengthwise bands of guipure, which come together at the lower part. The collar is of white gauze.

JUDIC CHOLLET.

## BODICES AND SKIRTS.

The Large Sleeve Slow In Going—Shoulder  
Ruffles and Ribbons.

The fancy for striking bicycle costumes which has ravaged Paris has penetrated in a milder form to England, and symptoms of it have already appeared here. It is doubtful, however, if really well dressed women will ever "go in" for anything much more striking for the bicycle than for horseback exercise. English women indulge in slashed skirts of gray, dark blue or other dull, staid shades, the slashings exhibiting an underskirt of yellow, red, pink or some other brilliant color, and the hat being trimmed to match.

The new waists are making up in shoulder ruffles what they lack in sleeves, although in some of the most approved models the sleeves are no smaller than heretofore. Ribbons are very beautiful this year and enter into the composition of many charming bodices. Sometimes there are bands of ribbon alternating with lace insertion, sometimes embroidery or mousseline de soie takes the place of the lace. Usually the stripes are arranged to run

SUMMER GOWN.

lengthwise. Of course a silk lining to match is required. The flowered ribbons, now so popular, lend themselves particularly well to this style.

White petticoats have decidedly returned to favor. They are worn with all kinds of gowns and are appropriately elaborate. They are cut of ample width, and are of muslin or lawn, trimmed with multiplied frills, edged with lace or embroidery and perhaps enriched with insertion as well. They are so full that a light summer gown requires no additional support to make it flare properly.

An illustration is given of a costume of taffeta and crepon. The skirt of lavender taffeta has godets at the back and a panel of darker lavender and white crepon at the left side of the bodice. The plastron, collar and close sleeves are also of crepon, the open sleeve puffs, trimmed with guipure applications, of taffeta. A scarf drapery of lavender mousseline de soie adorns the bodice and is fastened at the left side of the waist by a gold buckle, from which it falls over the skirt panel in coquilles. The collar is of lavender velvet and white gauze.

JUDIC CHOLLET.

The things that people see are inside of them and not outside. No two people see the same thing exactly alike. One woman may look out at a beautiful landscape and see all the beauty and restfulness and grandness that there is in it. Another one will look out at the same scene and see nothing. The man who is perfectly well and vigorous enjoys life to the full. Dr. Pierce's Golden Medical Discovery makes people well. There isn't anything miraculous about it—it is the most natural thing in the world. It simply puts the digestive organs, the stomach, the liver, the bowels, in perfect order and thereby makes the blood pure and rich. All diseases live and thrive on impure blood. Keep a stream of pure, rich, red blood flowing into a diseased spot, and the disease will not stay. A man lives on rich, pure blood, and disease dies on it.

Dr. Pierce's Golden Medical Discovery makes pure, rich blood.

## Assignee Sale

STATE OF WISCONSIN, CIRCUIT COURT

FOR ROCK COUNTY, in the matter of the assignment of Mary N. Crossett, assignor; to W. T. Vankirk, assignee.

Whereas, on the 5th day of August, 1896, an order was entered in the above entitled action in the Circuit Court for Rock County, directing the undersigned as such assignee, to offer for sale and sell at public auction, in the city of Janesville, the real estate hereinafter described, said sale to be made for cash to the highest bidder therefor, the property directed to be sold in and by the order of sale above mentioned, and which said property is described as follows, to-wit:

Now, therefore, notice is hereby given, that on Wednesday, the 23d day of September, 1896, at 10 o'clock in the forenoon, at the front door of the court house, in the city of Janesville, county of Rock and State of Wisconsin, the undersigned W. T. Vankirk, as such assignee will offer for sale and sell at public auction, to the highest bidder therefor, the property directed to be sold in and by the order of sale above mentioned, and which said property is described as follows, to-wit:

A tract or parcel of land situate in the city of Janesville, County of Rock and State of Wisconsin, known and described as follows:

Beginning at a point in the center line of the wall between the post office building on lot number one (1) of the Janesville Water Power lots, and the flouring mill north of and adjoining said post office building extended in a straight line westerly three and one-half (3 1/2) feet from the westerly side of the west wall of said post office building to said flouring mill; thence northerly parallel with the westerly wall of said flouring mill to the north line of said one-fourth (1/4) of lot number three (3) of said Janesville Water Power lots; thence easterly on the north line of the south one-fourth (1/4) of said lot three (3) and that line extended to the center of Rock River; thence south on the center line of Rock River to the north line of land conveyed by Oliver C. Ford, Abbie A. Ford his wife, Marietta F. Ford, Mary N. Crossett and Benjamin F. Crossett, her husband, to William S. Jeffris and Malcolm G. Jeffris by deed bearing date October 13th, 1884, and recorded in the office of the Register of Deeds for said Rock County on the 15th day of October, A. D. 1884, in volume 110 of deeds on page 22, extended parallel to the northerly line of Milwaukee street to the center of Rock River; thence westerly on said line extended as aforesaid to the westerly line of said land so conveyed by said Oliver C. Ford, Abbie A. Ford, Marietta F. Ford, Mary N. Crossett and Benjamin F. Crossett, her husband, to William S. Jeffris and Malcolm G. Jeffris as aforesaid; thence southerly on the westerly line of said land to the center line of the wall between the post office building and the flouring mill north of and adjoining said post office building extended in a straight line easterly to said land so conveyed to said William S. Jeffris and Malcolm G. Jeffris, as aforesaid; thence westerly on the center line of said wall and that line extended as aforesaid to the place of beginning.

Also the right to carry up and build a wall between said post office building and said flouring mill high enough to permit the said Mary N. Crossett, her heirs and assigns, to construct said flouring mill one story higher than it now is, provided in case said wall shall be by said Mary N. Crossett, her heirs and assigns, carried up and constructed higher than it now is, the title to the half of such new wall shall, on the construction thereof, vest in and become the property of Oliver C. Ford, his heirs and assigns.

Also the right to the perpetual use of four hundred square inches of water to be drawn from the pond of the upper water power in said city of Janesville, to the race leading from said pond to the flouring mill above mentioned, under the head of four feet, or water power necessary to operate the flouring mill, hereby intending to include the mill property in the rear of the post office building, in the city of Janesville, Rock County, Wisconsin, with the water power used in connection therewith, and all machinery, fixtures, and the like in said mill.
